MADE WITH LOCAL, FRESH FRUIT!

From the undulating hills of Lenswood, South Australia, and a local family-run berry farm, Douglasdale was established in 1980 to preserve the abundance of the freshest fruit available, in the most traditional, classic, and old fashioned way.

Today, Douglasdale uses the same methods and recipes with as much local fresh fruit as possible to create the same, old-fashioned jams bursting with fruit, flavour and nostalgia. Douglasdale's Jams and Syrups are traditional, classic, old fashioned, and hand stirred. No colourants, No artificial flavourings, No preservatives!
